Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Information Disclosure Statement filed 04 June 2004 did not contain a copy of its sole reference, Kessman et al., and so was not considered. Applicant requests clarification of the correct procedure for correcting the deficient IDS, viz. whether it would be acceptable to submit a copy of the Kessman reference alone with the reply to the outstanding Office action, or if a supplemental IDS is required. MPEP 609.05(a) states that "Applicant may then file a new information disclosure statement or correct the deficiency in the previously filed IDS, but the date that the new IDS or correction is filed will be the date of the IDS". A document may be submitted as part of an applicant's reply to an Office action without submission in an information disclosure statement only if relied on as evidence in presenting Applicant's argument directed to an issue of patentability. See MPEP 609.05(c).
